PNEUMONIA TAKES LONG TIME RESIDENT

Jacob Pletcher, for 16 Years Resident of the District, Dies Suddenly.

Jacob Pletcher, for the past sixteen years a resident of the Warren District and who was stricken with pneumonia last Sunday, died early last evening.

The deceased was a native of Zurich, Switzerland. He was 38 years old and had been a resident of the United States for many years. For the past few years he has been operating a milk ranch.

Surviving him are a widow and a son, Bert Pletcher. The arrangements for the interment have not been completed but will be announced today.

FORMER LOWELL MAN CALLED TO REWARD

Tommy Woods, Formerly Miner Here, Dies at Hospital in Capital City.

Word was received in Bisbee yesterday by F. J. Perry that Tommy Woods for the past four years a resident of Phoenix and an employee at the state capital, had died the previous night. Governor Hunt sent the message to Mr. Perry.

Woods lived and worked in the Warren District for a number of years. He held his residence, while here, in Lowell and enjoys a host of friends there. While here he contracted consumption and went to Phoenix where, during the first state legislature, he was employed in the upper branch. Later he was retained permanently by the board of control.

Though it is not known for certain, it is believed the deceased has relatives in the Warren District and the Governor, in his telegram, requested that they get in touch with him at Phoenix.

JOINT CONVENTION IN BIG OPENING

Sunday School Workers of Douglas and Bisbee Assemble at Methodist Church.

An appreciative audience of Sunday School workers met at the Methodist Episcopal church last night for the opening session of the Bisbee-Douglas Sunday School convention and listened to addresses on "Teacher Training" by Rev. W. D. Himebaugh, State Sunday School Missionary for the Presbyterian church; Rev. R. E. Dunlap, State Superintendent of the Christian Church, and Rev. E. D. Raley, Secretary for Arizona and New Mexico.

Three sessions will be held today, the morning session opening at 9:30 at which several phases of the "Boys and Girls" problems will be discussed. At 2 p. m. "The Relation of the Sunday School to the Church," "Co-operation Between Sunday Schools," "Temperance" and "Adult Classes" are the themes for papers by local workers. A the evening service beginning at 7:30 "The Missionary Work of the Schools" will be considered by the Revs. Himebaugh, Dunlap and Raley. On Sunday afternoon at 4 o'clock Bishop Atwood is expected to address the convention. The closing session will be held at the Lowell Chapel, Sunday evening. Among the visitors is the Rev. George A. Marvel, pastor of the Methodist Episcopal church at Douglas.

SUMMER VACATIONS FROM DISTRICT TO GO TO CALIFORNIA

Los Angeles and Near-by Resorts will Receive Majority of Big Patronage from Bisbee This Season.

With the first breath of spring, following a particularly severe winter for this section of Arizona, the residents of Warren District and of Cochise county are contemplating their annual vacations. As in past years Los Angeles and beach resorts will get the biggest part of local patronage.

It may reasonably be expected that the summer travel during the coming spring and summer season will far outdistance that of any previous year. Already those making their way to the coast would total a considerable number.

With the arrival of the heated term, the three months of summer, however, the exodus will be particularly noticeable. For the past year Bisbee and the Warren District have been experiencing an unprecedented prosperity. Today wages for miners are the highest ever known in any American mining community and there is every prospect that still higher wages will be had with the rise in the price of copper metal.

Owing to its geographical situation and the facilities for the summer visitor to afford himself or herself a good vacation at a minimum cost, Los Angeles and the nearby beaches will again be turned into an Arizona colony. Besides the beaches and the attractive city resorts there are mountain resorts, near Los Angeles, that offer easy access from the city and from the sea which make of them exceptional vacation places for the Arizonan.

ACID PLANT EXPLODES

SYRACUSE, Feb. 18.—Four were killed, a dozen injured and heavy damage was done by an explosion in the picnic acid plant of the Semet-Solway Works. It was busy with war orders and heavily guarded. The cause is undetermined.

DAME NATURE HINTS.

When the Food it Not Satisfied. When Nature gives her signal that something is wrong it is apt to be with the food. The old Dame is always faithful and one should act at once.

To put off the change is to risk that which may be irreparable. An Arizona man says:

"For years I could not safely eat any breakfast. I tried various kinds of breakfast food, but they were all soft, starchy messes which gave me distressing headaches. I drank strong coffee, too, which appeared to benefit me at the time, but added to the headaches afterward."

"A friend persuaded me to quit coffee and the starchy breakfast foods, and use Postum and Grape-Nuts instead. I shall never regret taking his advice."

"The change it worked in me is wonderful. I now have no more of the distressing sensations in my stomach after eating, and I don't have headaches. I have gained 12 pounds in weight and feel better in every way."

"Grape-Nuts makes a delicious as well as a nutritious dish; and I find that Postum agrees perfectly—never produces dyspepsia symptoms."

"There's a Reason." Name given by Postum Co., Battle Creek, Mich. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest. (Advertisement.)

SHERIFF TELLS HOW MUCH LIQUOR MAKES PROPER SHIPMENT

Until Courts Define Amounts which May be Shipped Schedule is Volunteered by County's Chief Officer.

In an effort to minimize the confusion resulting from the Supreme Court's decision on the question of introducing liquor for personal use, Sheriff Harry Wheeler has adopted tentative measures which he frankly admits are volunteered for the common good. He has instructed his deputies that the quantity of alcoholic beverages which a person may introduce into Cochise county in a single shipment must not exceed a case of whiskey, a case of beer or a gallon of wine. Anyone who exceeds these amounts will be liable to arrest, and Sheriff Wheeler will turn to the courts for assistance in further defining the prohibition laws.

It is not generally known that the Penal Code of the United States deals specifically with liquor shipments, imposing a severe penalty for failure to designate the character of shipments. Section 240 with this feature. It reads as follows:

"Whoever shall knowingly ship or cause to be shipped from one State, Territory, or District of the United States, or place non-contiguous to, but subject to the jurisdiction thereof, into any other State, Territory or District of the United States or place non-contiguous to but subject to the jurisdiction thereof, or from any foreign country into any State, Territory or District of the United States or place non-contiguous but subject to the jurisdiction thereof, any package or packages containing any spirituous, vinous, malted, fermented or other intoxicating liquor of any kind, unless such package be so labelled on the outside cover as to plainly show the name of the consigner, the nature of its contents and the quantity contained therein shall be fined not more than five thousand (\$5,000) dollars; and such liquor shall be forfeited to the United States and may be seized and condemned by like proceedings as those provided by law for the seizure and forfeiture of property imported into the United States contrary to law."

It shall be remembered that the above section applies to liquor shipped in baggage, trunks, etc., being the receptacle for personal effects only. Liquor is not regarded by the law as a personal effect.

THEDA BARA AT ORPHEUM

Theda Bara, the star of the new William Fox photoplay production, The Galley Slave, which appears at the Orpheum today and tomorrow, based upon Bartley Campbell's great Broadway success, is the only motion picture actress whose temperament is so constituted that she is unable to give her best efforts to a part unless music suitable to the emotion portrayed is provided.

In consequence, Mr. Fox has upon his payroll for the sole use of Miss Bara an orchestra consisting of a piano, violin, violoncello and flute. In making outdoor and street scenes in The Galley Slave the orchestra attracted so much attention that it was necessary in several cases to call out the police reserves.

"THE LABYRINTH"

"The Labyrinth," which is coming to the Central Theatre on Saturday and Sunday as the next feature on the Equitable program, is a story covering phases of New York life not often presented on the screen. The star of the piece is Gail Kane (The Equitable Girl) and her work as Flo Burke, the dancer, and as Mrs. Robert Fenton, the wife of a mission worker in the slums, is of an order which fully qualifies her for her new title. Her support is of the best, and the settings of the play, which include the interior of the Plaza Theatre, New York, with the entire company of the Century Theatre on the stage, the little mission church, a realistic railroad smash, and many other effective scenes, are packed full of interest. There is a way out of the entanglements into which the dancer's business of heart has led her, and it is revealed in a strikingly effective manner.
